Importance: High

Hi Mike,

(b) (5) - Deliberative process privilege

Tom, Dan, and Jon have reviewed both of these and given their okay. I wanted to make sure you (and Anna) were aware this was happening and give you a chance to review them before I send them over. Tom Eagles in OAR has also alerted Janet and Gina of this request. Our OP desk officer actually pinged me again for these this afternoon, so we know they are expecting something in short order.

Thanks!

Ray

Hello Ray,

We've gotten a request from OMB for a "one-pager" on each of the pending OMB review packages of ORIA's currently in OP. (b) (5) - Deliberative process privilege

Of course you know which rules, but for Tom & Wanda's benefit:

- National Emission Standards for Hazardous Air Pollutants (NESHAP) Subpart W: Standards for Radon Emissions From Operating Uranium Mill Tailings: Review; Nprm (SAN 5281 | RIN 2060-AP26)
- Revised Regulation for Environmental Radiation Protection Standard for Nuclear Power Operations - 40 CFR Part 190; ANPRM (SAN 5581 | RIN 2060-AR12)
